*...and growing*

*A written press release will be available following this event. For further information or interviews, contact Jacquelyn Scott, [jscott@airesunglobal.com](mailto:jscott@airesunglobal.com), (902) 578-8810*

We will be making a major business export announcement at this event -- it's good for Airesun Global, and also good for CBRM, Nova Scotia, western Canada, and overseas client partners working with us to help build the global green and circular economy that we want and need with Airesun's unique technology and products. The estimated economic and social value of the contract being announced is approximately \$1.5 billion.

The event is being live-streamed on two Facebook sites: <https://www.facebook.com/airesunglobal> or at <https://www.facebook.com/mikekellowaymp>

Airesun Global Ltd., is a Canadian biotech and cleantech company. Born in Nova Scotia, with a subsidiary in Manitoba (soon to include a processing plant in Winnipeg), and has overseas subsidiaries in the UAE and Nigeria. It currently offers a wide range of efficient and effective plant-based heavy industrial lubricants, degreasers and cleaners that are fully biodegradable, food-safe, non-toxic and non-caustic.
