# Welcome to CaperCon 2018!

We would like to take a minute and thank you for supporting us!

Without the fans we wouldn't be able to have this convention, and it's worth it to be able to bring our little island a taste of the larger con community.

Like our mascot Kiki, many hands make light work. All the many volunteers that you will see over the weekend are amazing and we are lucky to have them. Their help make the con possible.

We, the CaperCon staff, are a group of nerds and geeks who love what we do. We thank you for your continued support, and we hope that you have a wonderful time this year!

## **Bad FanFiction** **Jeff Bushnik**

We all love our fandoms. Some of us so much so that we decide to create our own stories in them. This is the story of the stories that shouldn't be. The cringe-inducing purple prose, the shudderingly awful plot, the cardboard-cutout characters that are all the more nauseating because we know that—surprise! —it's really just the author inserting themselves into their own fantasy. I find the worst examples I can, trim the fat, and serve up a coarse course of semi-illiterature to you.

## **Bad FanFiction +18** **Jeff Bushnik**

Fall comes hard on the North Atlantic as the cold winds blow low across the waves. But I'm still here, casting my long lines deep to trawl for whatever my nets might catch. All the healthy specimens are thrown back overboard. We don't want their kind. We're looking for the underdeveloped, the undercooked, the ones that have been overused and that should have been left to sink back below. That's right, it's time for Bad Fan Fishin' 18+. Come listen to me read amateur prose so bad they make the dirty words therein look like golden kernels of corn.

# Gaming

## **ASHES: Rise Of The Phoenixborn**

Cast spells to destroy your opponent's creatures. No Land cards here, just roll dice for mana resources every turn. The best part, you get to choose your starting hand, to set your strategy. Beautiful artwork and easy gameplay makes this a great alternative to Magic.

## **Cash Money Smash Tourney**

We missed last year but we're back again! The Super Smash Bros. Melee tournament makes its Capercon return with a 100 dollar pot bonus! This tournament has a \$5 entry fee. Host Logan Truckair will be using a Gamecube and requests you bring your own controller if you have one to make sure we have enough to go around.

## **Casual MTG Commander**

Magic the Gathering Commander is a casual multiplayer format. Come bring your best or jankiest Commander deck and flop some card board. We will be playing Casual Magic the Gathering Commander in pods of 3-5. Local NPC will have promo cards on hand for free for each participant.

## **D&D: DMs On Wheels**

Philip Brown and James Morrison bring you beginner D&D campaigns that you can sit down and sink your teeth into without any prior playing experience. Come to their tables throughout the weekend to try your hand at the granddaddy of all RPGs.

## **Dragon Ball Super TCG**

Everyone's favourite Anime Series has its own trading card game. Come learn how to play with some of your favourite characters that span from Original Dragon Ball, to Dragon Ball Super!

## **EPIC CARD GAME**

If all the most powerful cards in Magic came in 1 box, that box is called EPIC CARD GAME. No Lands, No rarities, just awesome creatures and instants you can play from turn 1. Play as sealed, draft, constructed or just random. Every game is EPIC!

## **Heroclix**

Come learn to play Heroclix and team up with other players to take on the Super Colossal GALACTUS! Don't have any Heroclix? That's fine; Local NPC will have some on hand for you to try out!

## **Industrial Cape Breton Airsoft**

Airsoft is a sport that takes first person shooters to the next level. ICBA is a local organization focussed on promoting the sport of airsoft by hosting games around the CBRM. Airsoft is a sport in which people shoot each other with plastic pellets from realistic-looking BB guns. There is everything from 3v3 indoor games to large multi-day 200+ people events. The rules vary from game-to-game, scenarios can range from simple team death matches to elaborate situations.

## **Lending Library**

There will also be various table top or card games to try if you just want to chill and play some CATAN or Ticket to Ride.

## **Milennium Blades**

If the entire CCG universe was put in a box, that box is called MILLENNIUM BLADES. You win by hunting and trading cards to build a competitive tournament deck, or to build an awesome card collection, or simply sell those rare cards for money.

## **PATHFINDER THE ADVENTURE CARD GAME**

Players are on a quest to defeat monsters, find loot and vanquish the evil Mummy. Choose from a variety of classes, equip your characters with weapons, armor, items, allies and spells in this co-operative adventure game. No DM required.

## **Pokemon League**

The CaperCon Pokémon League is your chance to become a Pokémon Master! Face off against the eight Gym Leaders and earn badges on your path to greatness! Battle eight gyms, each focusing on different Pokémon types.

# Gaming

## Pokémon TCG

Gotta Catch Em All! Come learn to play the Pokemon Trading Card Game, or come play some casual fun games. All who participate will get a promo from Local NPC.

## RED DRAGON INN OPEN TOURNAMENT (14+ only)

You defeated the Boss, got the loot and now you're back at the tavern to tell the tale. But why should you share the loot? Get your friends drunk, cheat at gambling, or pummel them unconscious, whatever it takes to be the last human, goblin, wizard, dwarf, or orc standing. Funny, your friends have the exact same idea!

## Risk Tournament

The classic game of world conquest is back and Kitchen Table Board Game Cafe is bringing it to CaperCon! Bring your friends and leave as enemies.

## Scenes From A Wizard's Hat

The DM looks at the players across the table. He reaches into a hat while speaking. "You go around the corner and see..." He pauses, reading a strip of paper he has pulled out of the hat. "An orc wearing a tutu. What do you do?" A fun twist on D&D incorporating an age-old improv game, Scenes From A Wizard's Hat

will throw some curated audience suggestions out to surprise players and DM alike in a game where no one knows what will happen next.

## SMASHUP

Put any two crazy fantasy themed decks together and rumble with your friends. Godzilla & Cats vs. Jedis & Teddy Bears? Sure!

## Warhammer 40K and Age Of Sigmar

Local NPC will be teaching new players how to play the miniature tabletop game, Warhammer 40k. Come learn that no war is too small for your attention!

## ZOMBICIDE

The zombie hordes are coming to CaperCon! Zombicide is a co-operative miniatures game, players play as a team, find food, rescue survivors and get the heck out! Walk loudly and carry an even bigger gun.
